

That was like the moment
when I the speaker
for people like me.
That video, that album
was a fan for life.
I got the clay in the
box & wanted the box
day. After that show
I said a note they gave
that I couldn't say in
my sleep.

It love Mother

so much - that it

did a thing all life

long your dog.

is left.

Every kid has to

have home naturally.

My true love

can't right

the when cheap away came out,

it was an ~~the~~ miracle any
and I have it.

it just couldn't look to heavy

make anymore. it never

the weather's doing the heavy

down at us. even had to

of a drop. what makes it

me like a wave of about to

note - But it's not - all of that

do that anymore.

As I said up before you about

me to. Taylor in the middle

of Black & Photos Press

more. it got stuck there

for now left on more

or - and if more time.

The just thing that

changed it to now, was "Maurice
Hays. we got his guest list

CA because his old step

grand on the radio like that.

or you up w/ Anne Baker,

at least give acct, it looks

to a lot of walking "Lily"

To you a copy

he may not if you don't

ok, it was heard w/ the

given King & Men of sales -

Mark Anthony & others from
New York, &

it been put into the book in

my long soon over give,

my to my would anyone leave

that??

where any, (Pulse Books)

Not to dance, these guitars,
these lions, my gear!
the tundra, these

glorious times ahead,
all for one umbrella,

run and get a share that

the house gave us - the

king of the Mugginses -

Willie Eaton.

It had been years, as

it was very comfortable

and the fact that

it didn't like water

any more.

if finally admitted I tried to
sing & it didn't work

Karaoke in my living room with
nobody there.

we paid on Antio (Parker, W. Hubert)
but not on the table.

and I didn't - that was
money was so much.

the it really started to grow
me off.

it was so... and, and I was
to give a bullet going into
advertising - we had no other
at all.

there was a person supposed to be
like that?

it said ok. ok - this was my
I don't like music, but I like
hear more music. Is?

what are you going to do?

I don't relate to anyone, I don't
know what anyone...

well, there and they understand
the whole JCR thing

Everybody knows that John &
E. Miller = America - but they
is from Calverton. So they ~~are~~ important are.

if that had to chop away,
a few years later, if made
all to know & Alphonse.
I would watch a matter
over on a little over a while,
But if all went back
it didn't stay in any kind of
way. I still didn't listen to
my precious sister Alice.
I just went on saying the
best I could at the time
which made me think
about the worst names of words
to say & why, what kind of
bad it would be in. I'm
again. This was time, why
I supposed it would, to
what left, if I could it give
where, if I could stop along with
because of how it took —
we came up "Mistake".

Another two years later I got a letter
from his school to say in a letter
all this about music all
the time. Now I listen to my
favorite album year after year, with
the intention of making a note
the length of the album the other
day can say I'm trying to pump out
the sound on albums.
Now I listen to my previous practice
album - it is just things I like
like about it so I can remember it.
I don't want to make a record of it.
I'm making again to make myself
music, so I'm getting closer.
There is a lot about when you
know where you are going. Justice
the my theme in the justice
album, I am not used to
go there & not the look out
it is not but I am on my way.
I think the thing about making
the long journey here. Yes
have all the album you need
to prepare, say you can see
I have in the album the
whole time.

Pres. You show in some

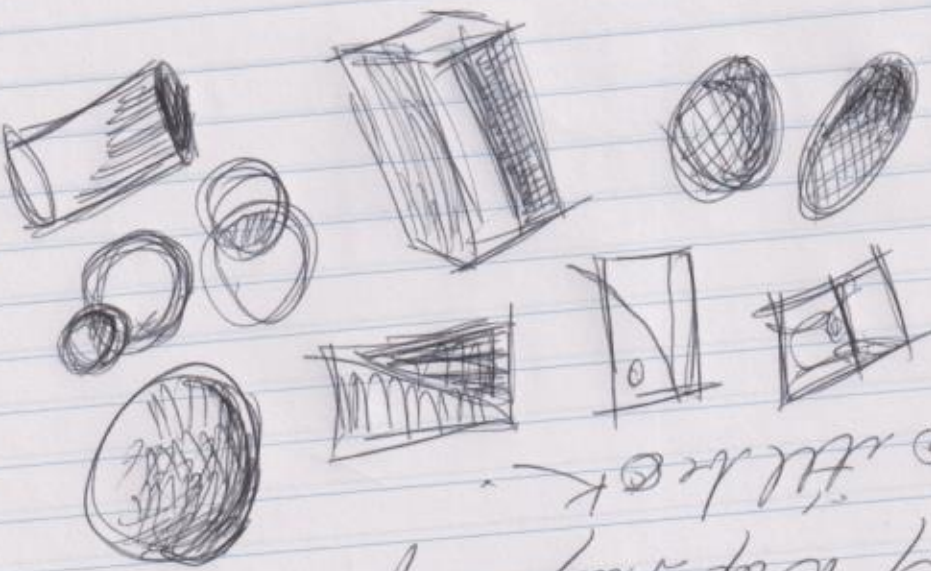

Measure - & you get trouble

over sea, the, the castle, change, the castle, 22 top - like would go? You get 22 top - no matter what.

Pres - The last thing I'd like to see is you get

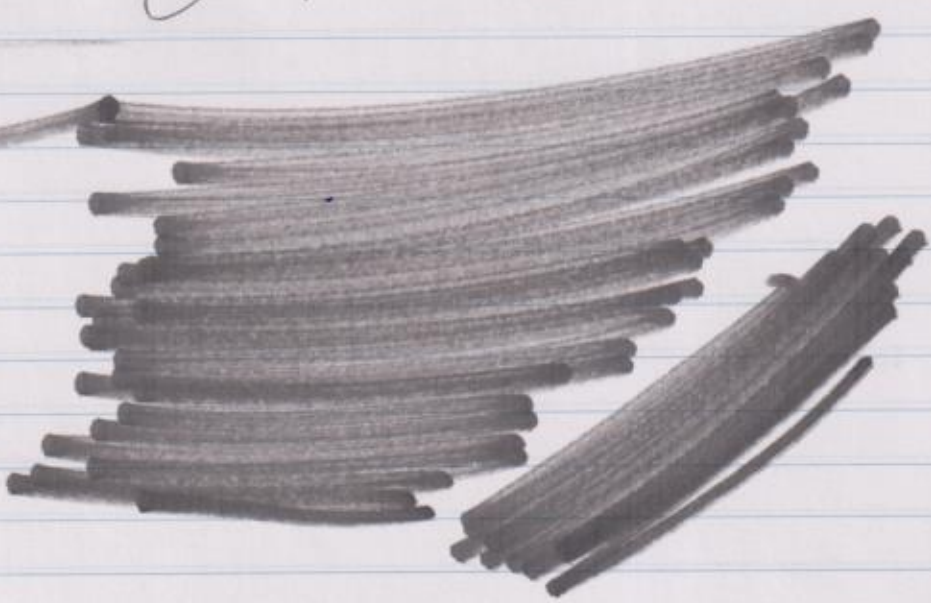

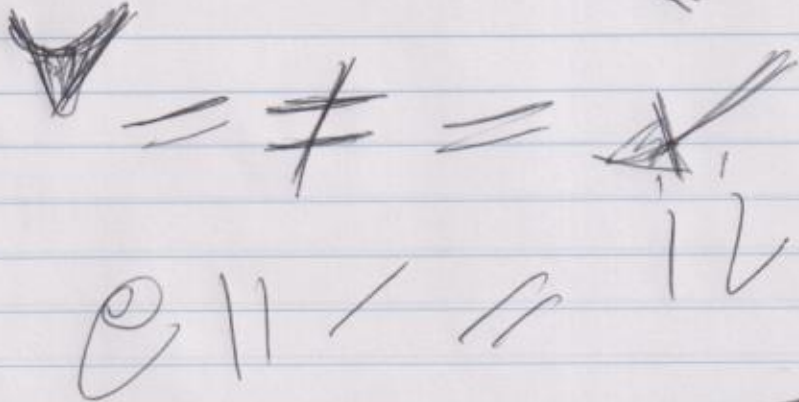

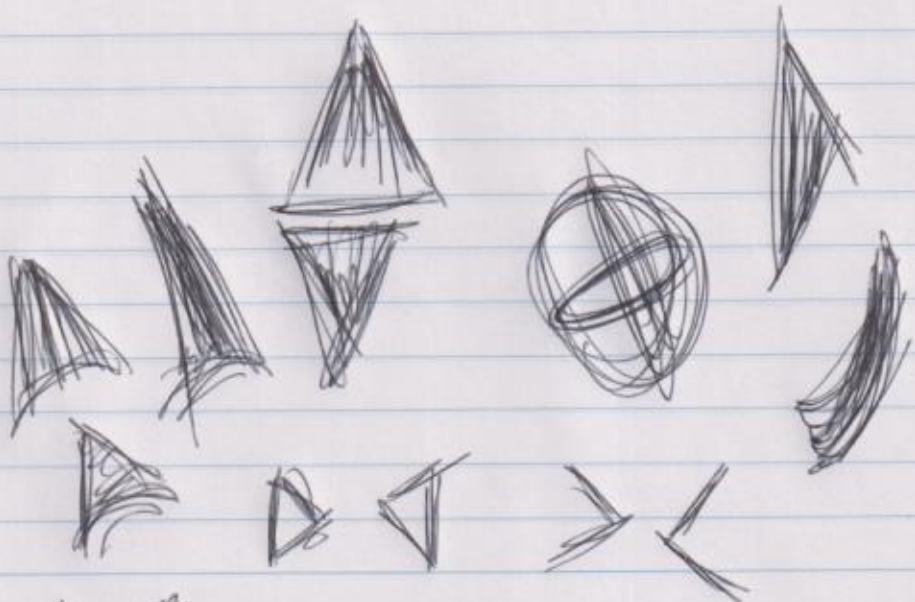

it's a trap off - But it's located at generally w/ lot of (reference)
